X – All India Secondary School Examination GPA: 10.0/10.0

Asarganj, IN

– March 2017

## Projects

---

### Online food delivery system

Web Development / HTML / CSS / JAVASCRIPT / PHP / MYSQL / REACT

- Created **web application** to deliver food online . Used razorpay for the payment gateway. Built **different schemas** to order food items with an ease and used **MySql** for database and **mongoose** to retrieve data.
- Integrating Google login using OAuth to access google API.
- Developed an **admin panel** for the shop owner to manage the status of the orders and used **socket.io** to reflect real-time status

### Movie recommendation system using facial expression

AIML / PHP / MYSQL / HTML / CSS / Js

- Used various technology like MySql for database.
- Html,css Javascript and Aiml for facial recognition to recognize the mood and then recommend a suitable movie.
- Integrating Google login using OAuth to access google API.

### Travel website

PHP / MYSQL / HTML / CSS / Js / MySQL

- Created Travel website to handle users requests for the travel planning and provide recommendation.
- Integrated an **admin panel** to verify each registered candidate based on their skills. Used **myPhpAdmin** to store the data locally and **SQL queries** to retrieve and update them.
- Inbuilt chatbot with the collaboration of TARS.

## Skills and Interests

---

- Languages/Technologies:** Proficient in writing algorithms in C/C++; familiar with development, Php ; Hands-on HTML, CSS, **MySQL**, Data Structure and Algorithms
- Open Source Organizations:** Github

## Achievements

---

- 100+ **Data Structure & Algorithm** problems on **LeetCode**
- 150+ problems on **GFG**
- 200+ problems on **CodingNinja (Expert Level Badge)**
- Hackerrank** ratings in SQL (5), C++ (4), C (4), Problem Solving (5)

## Certificates

---

- Data Mining** – IIT Kharagpur (Silver + Elite badge) - Jan 2023
- Software Testing** – IIT Bangalore - Dec 2022
- Web development** – Internshala - Sept 2022
- Java**–Infosys springboard - July 2022

## Extracurricular Activities

---

- Mentored 50+ students as **Fundraiser Expert** in Muskurahat foundation.
- Led the project team as the **project leader** and backend developer for the university hackathon.
